Francine O'Connor at 773-720-1499

What CVO stands for: a) Full Mandatory Funding of VA healthcare for veterans; b) Eligibility for VA healthcare and benefits for all honorably discharged veterans—male and female—without co-payments and categories of service delivery; c) Ending veteran homelessness and the realignment of the VA Per Diem grants system; d) Reform of funding and full accounting for all VA mental health services for veterans; e) Ending the backlog of veterans' and survivors' benefits and having the government *immediately* fund benefits for all veterans applying for VA disability (Presumptive Benefits); f) Full equality of women's benefits and healthcare.
