

**For Immediate Release
January 1st 2014**

**The Judge Mathis For The Coalition Of Veterans Organizations
www.coalitionofvets.org**

In order to create over 2000 jobs for veterans in the (cwt) compensated work therapy/ transitional employment Program for the 169 VA facilities nationwide www.cwt.va.gov; this information is for the veteran friendly Employers who need to know about the public law 93– 112 where section 504 of the rehabilitation act of 1973.

The law requires employers with 15 or more employees to provide qualified individuals with disabilities an equal Opportunity to benefit from the full range of employment and related opportunities that is available to others. The law prohibits discrimination for both male and female veterans in the recruiting, hiring, promotions, training, Pay, social activities and other privileges of employment.

The law requires that employers make reasonable Accommodations to the known physical limitations of qualified individuals with disabilities, **Innovative Assistive Technology** devices such as the telepresence robots they are covered under the law which help to make trained Veterans highly employable in retail, Manufacturing and most other product and service industries across the Country. Let it be known also that work opportunity tax credit is now available to employers that hire and retain Veterans and individuals of other target groups with significant barriers to employment.

Enforcement of the public law section 504 rehabilitation law 93-112 for large and small businesses and including Government agencies it starts with the US Department of Justice Civil Rights Division 950 Pennsylvania Avenue N.W. Disability Rights Section (NYAV) Washington DC 20530. The Justice Department they really like all businesses that help veterans to use their skills toward new careers For both employment and enjoyment says

American Legion Member Virgil Mathis Jr.

Telecommute from:
Home
Hotel
Headquarters

To:
Office
Conference Room
Coworker's Cubical

Features

Shared remote Control over the Internet
Laser Pointer
3mph max. speed
56 inch height
WiFi
Video H264 compatible
12 inch LED monitor

The Teleporter: Advanced Telepresence for Factory Support

Teleport an engineer onto your factory floor

Eliminate time and travel expenses

Teleport from:

Office
Conference Room
Home
Hotel

To:

Factory in China
Assembly plant in Philippines
Think Tank in India
any offsite manufacturing operation

Features

Shared remote control over the Internet
Telescoping Mast (52" to 64")
Advanced obstacle avoidance
HD 10X zoom camera with pan and tilt
Indoor GPS Building display
Laser pointer
15-17" monitor
