

## Tentative Agenda of CVO Executive Board Meeting

We are trying to limit the activities to specific and measurable accomplishments that we can evaluate in May of 2019. Did we achieve them? If not, how close did we come to achieving them? Originally, we wanted to limit or prioritize the top three activities.

Direction of activities for CVO:

- Eliminate annual means testing for veterans
- Reduce property taxes for all veterans
- (Continue to ) promote dental care legislation - HR 4556; Senator's Sander's bill ? ?
- Look into Neuro feedback as a PTSD/TBI treatment option
- Investigate ways and means to serve neglected health needs of veterans

Potential Other:

- Quartermaster in charge of caps, hats, shirts, etc.
- Membership coordinator in charge of contacting all current and former members ( perhaps interns)
