

PROTECT OUR VETERANS AND VA WORKERS

NATIONAL DAY OF ACTION SEPTEMBER 12, 2025

Join National Nurses United on September 12th for our National VA Day of Action to demand Members of Congress stand with the veteran patients who rely on the VA and the nurses and federal workers who keep the department running. It's time for our elected Representatives to stand with us in our fight for a fully funded VA where our workers have the resources and protected rights to provide safe patient care.
